## POWER HOUSE DAMAGED BY STORM

South Windham Station Had Four Coils of Dynamo Burn-  
ed Out—Trolley Road Crippled.

The electric storm and heavy rain  
that broke the drought north of this  
city Friday afternoon, but did not ex-  
tend to Norwich, put the South Wind-  
ham power house of the Connecticut  
company out of business about 2  
o'clock in the afternoon, and it will be  
three or four days before it can be  
run again. The power house is located  
at the end of the line. Four coils were  
burned out in the dynamo with a great  
flash when the lightning came in and  
the machine had to be shut down in a  
hurry to prevent further damage.

This power house furnishes the elec-  
tricity for the trolley line between  
Baitic and Willimantic, and that sec-  
tion of the road was helpless after the  
lightning had done its work until the  
current was switched on from the  
Thamesville power house in this city.

The power secured from Thamesville,  
however, was only just enough to keep  
the cars crawling over the line, but it  
was the best that could be done. As  
one passenger remarked: "You could  
get anywhere and back again."

Because of the weak power  
the cars were not run into the center  
of Willimantic, but only to the top of  
Jillison Hill, where the road dips down  
under the railroad trestle. Passengers  
were discharged at this point and  
walked in the rest of the way to the  
center of Willimantic. The cars were  
held at this point until the power was  
available. After the lightning's work  
the trip were made in half an hour  
longer than the usual time.

The electric machine at the power  
house will have to be jacked up, taken  
out and rewound, which will probably  
be a three days' job.

Because of the damage done by the  
lightning to the trolley road, the rain  
washed the country roads and there was  
no account to the roadbed of the  
trolley road from the rain.

Local Notes.

from a visit with her daughter in  
Rochester, N. Y.

charge of Charles Girard of England,  
formerly of Tatfield. Mr. Donovan,  
although able to be about, will rest up  
for several weeks.
